GENERAL INFORMATION

GOVERNMENT TELEPHONE SYSTEMS

The Ministry of Government Services provides telephone systems throughout the province for public servants to use in communicating with each other and with the public, in the conduct of Government business. At Queen's Park, both a Centrex telephone system, which facilitates direct-in-dialing, and access to an Inter-City Network for inter-city calling, are provided to serve ministries and agencies in the Toronto area. Centrex systems are also provided in Thunder Bay, London, Ottawa, Sudbury and Hamilton. New computerized telecommunication systems have been installed in Oshawa, Kingston and Toronto, providing, in addition to direct-in-dialing, many new features such as Call Forwarding, Individual Transfer, Conferencing, and other management capabilities.

TELECOMMUNICATION SERVICES

A complete range of telecommunication services are available to all Government users. Services encompass telephone (local and inter-city), intercom systems, fixed and mobile radio systems, radio paging systems, teletype systems, data communication systems, radio systems, facsimile, video, satellite and various other special telecommunication systems. New and improved common service voice, data, teleconference, radio and other services are currently under development, and will be introduced as soon as available.

Services provided include those of both an operational and an advisory nature. Operational services include telecommunication systems design, systems/service acquisition, systems implementation, and the provision and management of common telecommunication services (Centrex services, Inter-City Network). Telecommunication advisory services include system feasibility studies, systems planning, hardware and software evaluation, project management and coordination and both the preparation of request for proposals and the evaluation of supplier proposals. To obtain additional information or assistance regarding these services, call the Telecommunication Services Branch at 928-3650 (detailed listings on page 184).

CITIZENS' INQUIRY BUREAU

The Citizens' Inquiry Bureau of the Ministry of Government Services is an information service which provides information and referral on all government programs and services. Call 965-3535. A province-wide TTY/TDD (teletype) service for the deaf is also available by calling 1-800-268-7095, or 965-5130 in the Toronto area. The office is located in Room M1-51, Macdonald Block, Queen's Park, Toronto, M7A 1N3.

KWIC INDEX

The "KWIC Index to Your Ontario Government Services" is a companion publication to this telephone directory. It is a handy indexed reference to the offices which provide the services of Government ministries and agencies. To order the KWIC Index, refer to page ii.

TELEX, TWX AND TELECOPIERS

Telex and TWX are teleprinter systems which provide direct station to station communications anywhere in the world where there are compatible systems. Telecopier terminals permit the transmission of hard copy communications from one location to another.

Many Ontario Government Ministries employ these devices to transmit messages or document images to and from other offices, both inside and outside the government.

Using the service: For the convenience of those who wish to communicate with telex or facsimile terminals in Government offices, key contact numbers are shown where applicable, in the respective office listings. For Ontario Government numbers not found in this directory, or for numbers anywhere else in the world, telephone the facsimile mail service of the Ministry of Government Services, at 965-5521.

Acquiring the service: If you do not have a telex or facsimile terminal, but wish to send or receive a message, contact the facsimile mail service at 965-5521.

If you wish information on acquiring this type of equipment, contact the Telecommunications Services Branch of the Ministry of Government Services, at 928-3619.

INTER-CITY NETWORK

The Inter-City Network enables a caller to dial directly from government centrex lines in Toronto to hundreds of other Ontario localities without incurring a long distance toll charge. **It is to be used only for the conduct of government business by the staff of Government of Ontario Ministries and approved agencies, and members of the Provincial Parliament.**

If you are calling from exchange 963, 965, 586 or 248, you can use the Inter-City Network to place a call to a point outside the Metro Toronto free calling area. Staff who are served by "stored logic" telephone systems can access the Inter-City Network by referring to the operating instructions provided with that equipment.

Dial first the number shown in the "Inter-City" column, for the locality you wish to reach, then the seven-digit local telephone number.

If no Inter-City number for that locality is shown, you should place your call through regular long distance means. For this purpose, the area codes are also displayed in the following chart.

For information regarding access codes on the Inter-City Network, or to report troubles, call the Queen's Park operator at 5-1191.

For area codes of localities not listed, consult your Bell directory, or call the Bell long distance operator.

Out-of-Toronto Employees:
Always give your Inter-City number and area code when quoting your telephone number.

COMMERCIAL STANDARDS PROGRAM
555 Yonge Street
Toronto Ontario M7A 2H6

The components of this program promote a high level of ethical business conduct by ensuring public disclosure of the essential elements of business transactions and the registration and licensing of persons dealing with the public. The various branches also conduct inspections of the financial operations of the regulated industries. In addition, the program provides services for incorporation of companies and the administration of The Motor Vehicle Accident Claims Fund which handles claims and payments for damage done by stolen, unidentified or uninsured motor vehicles.

The Commercial Registration Appeal Tribunal is the mechanism that allows business people to appeal decisions made by the registrars of the regulated industries.

This edition of the Government of Ontario Telephone Directory celebrates International Youth Year, with its spotlight on the achievements and aspirations of people from 15-24 years of age. We all have cause to take pride in the resourcefulness, optimism and energy of Ontario's young people.

The telephone directory has a key role to play in keeping the Ontario Government accessible to the public, and in making daily communication among government offices more efficient.

Some new information features are introduced in this edition to assist users. For example, a "Councils and Coordinators" section at the back of the yellow pages lists the members of three additional groups: the Ontario Government Libraries Council, the Ontario Systems Council and the Purchasing Council. A map on page 415 shows locations of the conference rooms in the Macdonald Block, Queen's Park. These rooms are used by employees and the public throughout the year.

Over the years, many such improvements have been sparked by reader suggestions. Indeed, the questionnaire included in the previous directory proved to be so popular that we are including it again in the first two pages of this edition. Whether you missed your opportunity to comment last year, or have had more ideas since, we hope you will take the time to share your thoughts with us.

The telephone directory and its companion guide, the KWIC Index to Your Ontario Government Services, are designed to help you locate services quickly and accurately. If you require additional information, the staff of the Citizens' Inquiry Bureau, 965-3535, will be pleased to assist.
